- For a reservation that lasts one week or more or concerns multiple accommodation units, the customer may make the cancellation without charge 7 days before the start date of the reservation. For cancellations made later, the Centre has the right to be compensated for the agreed price as follows:
 - 3-6 days before the start of the reservation, 50% of the value of the reservation for the time period that the accommodation unit could not be rented again.
 - less than 2 before the start of the reservation, 100% of the value of the reservation for the time period that the accommodation unit could not be rented again.

Not paying for the reservation is not a cancellation! If the customer does not cancel their reservation and the object remains unrented due to the unpaid reservation on it, the price of the reservation in its entirety is charged to the customer that did not arrive.
- The cancellation of additional services, such as a sauna reservation, must be done on the preceding day by 4 p.m. For a cancellation made after this time, the Centre has the right to charge the entire price of the reservation.
- Departure before the agreed upon time: full price is charged for the time not used

Service provider's right to cancel a reservation

The camping area is not responsible for a reservation cancellation due to force majeure. In this case, the customer has the right to be reimbursed for the possible payment for accommodations made in advance. The service provider's liability is limited to reimbursing only the paid amount, and there is no obligation to provide a compensatory object. In a force majeure case, the service provider may offer to change the reservation, to the extent possible, to another form of accommodation as an alternative to cancelling the reservation.

Groups

Group refers to a party that has reserved at least three accommodation units. The group must submit a list of names and room distribution in advance. The group discount is 5% of the normal prices of the accommodation units.

Accommodation and cleaning the cottage

The key is picked up and returned at Rauhalampi Holiday Centre's reception (Rauhankatu 3, 70700 Kuopio). In the winter, picking up the key must be agreed upon separately, and the key is left on the kitchen table upon departure. The customer is responsible for ensuring that the windows and doors are locked. The person who made the booking is responsible for the key and cottage during the rental period. If the key is forgotten, we charge 75€ for opening the door (90€ at nights 11 p.m. - 6 a.m. and on holidays). If a key is lost, we charge the costs resulting from locksmith services. Customers are required to use sheets, a sleeping bag etc. If you sleep without sheets, we can charge for washing the bedding. Linen is included in the accommodation price in holiday houses and holiday cottages. Linen is not included in the price in camping cottages. If necessary, disposable sheets can be bought at the camping area reception. Final cleaning is included in the accommodation price. The customer is, however, required to put things in their original places, clean the dishes, empty the refrigerator, take the trash to the collection point and take bottles and cans with them. Spilled liquids, stains etc. must be removed. Linen is removed and left on the bed. We reserve the right to invoice the customer in arrears, if cleaning the cottage requires extra cleaning or the use of special detergents.

Public disturbances

If a customer behaves in violation of the general rules and regulations of the camping area or acts against instructions given by the camping area staff and does not cease to cause the disturbance despite a warning given by a representative of the camping area, the camping area has the right to discontinue the reservation immediately. Actual costs resulting from all of the above-mentioned procedures are charged to the person who made the booking.

Damages, deficiencies and claims

All remarks related to the furniture and condition of the accommodation unit must be addressed to the camping area's staff immediately, whereupon they can be fixed or compensated already during the accommodation. If the flaw cannot be fixed or compensated on site, you must make a written claim regarding the matter. Likewise, the customer is responsible for notifying the Centre immediately and compensating the damages caused to the accommodation unit or other camping area buildings and their furniture. Unreported damages are invoiced according to actual costs in arrears. The person who made the booking is fully responsible for ensuring that the rented accommodation unit stays in good condition during the accommodation reservation. The service provider is not responsible for problems caused by a third party (for example, breaks in the water or electricity network, the data communications or television network)

Number of persons

The greatest number of persons permitted in an accommodation unit is the same as the number of beds and extra beds. The number of persons must be declared with a traveller form no later than at check-in, and it cannot be exceeded.

Obligation to provide traveller information

In accordance with the Accommodation Act, a traveller must fill out a traveller form before accommodation. The customer has the option to fill out and print an electronic traveller form at www.suomicamping.fi, which speeds up the accommodation process at the camping area. The traveller form must be filled out no later than at check-in. A penalty is imposed under criminal law on neglecting the obligation to provide information and giving false personal information.

Smoking

Smoking is permitted only outside the accommodation areas. With regard to unauthorised smoking indoors, the service provider has the right to charge for the additional costs resulting from cleaning and ventilation.

Pets

Pets are permitted in the accommodation areas, but advance notification must always be made. Please make sure that your pet has its own bed if necessary, a pet's place is not on the bed or couch. The fee for pets in the holiday homes and holiday cottages is 10 € /day for the accommodation period. The pet fee does not compensate damages caused by the pet or additional laundromat costs for textiles. The illness of a pet does not entitle you to cancel a reservation. The customer is responsible for cleaning up after their pets in the managed grass areas.

Lost property

Lost items are kept for 3 months and can be claimed at the reception free of charge. The customer is responsible for costs resulting from shipping the lost items.

The service provider has the right at anytime to change the service, its content, its availability and the terms and conditions of this agreement by informing the customer of the change on its website. The changes will come into force immediately, however, in such a way that the terms and conditions that were in force at the moment the reservation was made are always applied to the customer's reservations.
